# Foreword

This unusual offering to the public of the "Original" Celebrated Grinnell Collection of United States Paper Currency warrants a few apropos remarks regarding the extent of Mr. Grinnell's endeavor to form what is generally regarded as the most complete series of our National Paper Currency ever to be brought together into one vast collection.

While he was an ardent student of Numismatics for a great number of years, his preference for United States coinage was notable and it was his particular desire to complete if possible the Paper Money Series for the Collection. Seeking to accomplish this almost impossible task led to an intensified effort on his part in the last two decades, during which period he spared neither time nor expense to realize his lifetime ambition.

How well he succeeded can be gleaned from the fact that with a few exceptions, the entire series is now complete and the Collection is unsurpassed. No other Collection of notes, so complete, exists and it is highly improbable that a similar collection will ever again be offered at Public Auction or Private Sale.

It is difficult to conceive the magnitude of this magnificent Collection, therefore, it would be futile to attempt to enumerate the many rare and desirable specimens contained therein in any preface. However, it will suffice to add that this presents perhaps the only opportunity to secure specimens of notes which heretofore were regarded impossible to acquire.

This catalogue will comprise the sixth section of Mr. Grinnell's vast Collection. In it we shall endeavor to furnish valuable historical information pertaining to each series of the various issues so the Catalogue may be a fitting testimonial to Mr. Albert A. Grinnell for his truly monumental efforts and a lasting contribution to Numismatics. We sincerely hope everyone who receives this Catalogue will appreciate its potential value as a permanent record of the finest Collection of this kind ever sold at Public Auction.

The acquisition of any specimen from this superb collection should afford a great deal of satisfaction to its new owner for many of the notes are "unique" and hitherto unobtainable at any price. Therefore, we urge that you read the terms of the Sale carefully then check all items which may be of interest, and prepare your bids at once for this is a matter of "priority" which is most important.

We invite your liberal patronage for this great sale with the assurance that all commissions will be executed most faithfully.

Numismatically yours,

BARNEY BLUESTONE.

# A GREAT NUMISMATIST

Mere words alone would be futile to adequately describe the great character of Albert A. Grinnell, whose world famous Collection of United States Paper Currency is herein being offered for sale at public auction in accordance with his express desire, "That others who may have a kindred interest share in each case the great pleasure which the acquiring of each of them has given to me." This is typical of Mr. Grinnell who has always been most liberal minded in all transactions.

His prominence as a Numismatist is attested by the fact that he is loved and admired by hundreds of the Collecting Fraternity. His deep interest in this subject is nationally known for he has always been active in the affairs of the American Numismatic Association of which he is Life Member No. 20. For many years he attended the A.N.A. Conventions where his exhibits have always been of outstanding interest.

He was a founder of the Detroit Coin Club and served as its second president. At the 400th meeting of that Club in 1941, he was presented with a large gold medal bearing his likeness, in recognition of his meritorious contribution to numismatic science. Similar recognition was bestowed upon him by the Odd Fellows Lodge at Oakfield, N. Y. for fifty years of active membership. His Masonic Lodge in Batavia, N. Y., bestowed upon him the same honor for a half century of splendid service.

Although he has been established in Detroit for the past thirty-four years, his early life was spent in New York State. Mr. Grinnell is a native New Yorker, having been born June 12, 1865, in the town of Shelby, Orleans County, where his father conducted a general store. It was here at the tender age of eleven that he manifested his first interest in numismatics. At the close of each day his father would empty the contents of the till, and usually young Albert showed keen interest in any shiny new coins which he saw among the day's

receipts. No doubt many of these he acquired for his collection.

After his early training at home, he later completed his education at the Rochester Business College graduating with high honors. With his sheepskin tucked under his arm, young Grinnell departed to launch upon his business career. However, he paused long enough to be married to his boyhood sweetheart, Miss Helen A. Avery, in 1888. She was thereafter his constant companion and inspired him to success until her untimely demise in 1931.

His first business venture was the establishment of the Grinnell Retail Coal and Lumber Yard at Oakfield, N. Y. His genial disposition coupled with fair dealing was soon reflected in the success of this enterprise and it was not long before he branched out into other fields. Several years later, Mr. Grinnell had developed a successful business by building the large grain elevators and warehouses for the handling of farm products. After many years of handling this great enterprise, he finally moved to Detroit in 1910 to become affiliated with Grinnell Brothers Music House. Later when the company was incorporated, he became Vice-President and afterward President, which office he held until retirement.

Devoting many years of his life to the accomplishment of acquiring the finest and most complete collection of U. S. Paper Currency as Mr. Grinnell did, sparing neither time nor expense in obtaining the finest specimens only, has made this offering possible. This commendable undertaking at its successful culmination can be best realized after a careful study of the contents of this catalogue.

The privilege of cataloguing a collection of such vast importance is indeed a rare pleasure and I feel singularly honored in being selected by Mr. Grinnell to disperse this marvelous collection in a fitting manner so that all interested may be properly served.

Numismatically yours,

BARNEY BLUESTONE.

## UNITED STATES PAPER CURRENCY

The largest and most complete collection of United States Paper Currency ever offered at public auction. Including some of the greatest rarities, many of which are unique and in a number of instances but one other of its type being known. Many of these notes are excessively rare in any condition but in superb state of preservation such as are many of the specimens herein offered, it is doubtlful if a similar opportunity will ever again present itself.

## NATIONAL BANK NOTES

This portion consists of National Bank Notes of the first charter period without the charter numbers of the banks appearing on the notes. These first issues without charter numbers are all exceedingly difficult to obtain and most of them are considered very rare and desirable in any condition.

All of the notes bear a small red spiked seal. Later on the Treasury Department printed the bank charter number on all of the notes of this period to facilitate checking when they were returned for redemption. This method made it easier to credit the proper banks.

These notes are arranged alphabetically so that a note from any city herein offered may be found almost instantly.

## NATIONAL BANK NOTES

The following represents notes of all series and denominations which cover the first one hundred charters. Since some of the banks did not exercise their privilege of issuing currency, this collection consists of about seventy percent of the banks chartered.

This was a very favorite section of Mr. Grinnell's vast collection. Every note which he could secure bearing a charter number 100 or below was added to this special grouping. All are desirable and eagerly sought. Perhaps the most popular and attractive type note of which the supply is far inadequate to meet the demand.

These notes are arranged numerically according to the charter number of the bank.

## COLLECTION OF RARE AUTOGRAPHED NOTES

All bear the autograph of high government officials with one exception, and are in great demand. Most of the notes themselves are rare, but with the addition of an autograph to enhance their value, these are perhaps the most attractive collectors' items.

## EXTREMELY RARE COLLECTION OF ERROR OR FREAK NOTES

Caused by mechanical and human mistakes which passed final inspection. All are excessively rare, seldom seen or offered. Included is the only known note of its kind in existence, listed under lot 4413.

4405 **Boston, Mass. $1.00—1865. The Shoe and Leather National Bank.** 1st charter, Sm. red seal, Sigs. Colby and Spinner. Pen signed. No charter No., Overprinted in red ink "Shoe & Leather National Bank" across the left end of obv., Most unusual, Few known to exist, Extremely rare. Good. ($25.00)

4406 **New York, N. Y. $5.00—1882-1908. The Chase National Bank.** 2nd charter, Blue seal, Sigs. Tillman and Roberts, Freak note: the right upper corner is folded down resulting in only half of the blue seal on the obverse, the other half is on the back. Also the charter No. is missing. Just the regional letter E on front left, also part of E and first figure of charter No. shows on reverse where note is folded. That this note shows signs of circulation makes it all the more interesting because it was not discovered when issued. Excessively rare, Few exist. "1882-1908" on back, Fine. ($30.00)

4407 **Cincinnati, Ohio. $20.00—1882-1908. The German National Bank.** 2nd charter. Blue seal, Sigs. Lyons and Roberts. Reg. letter M, Most unusual error: The bank officers' names appear upside down at the top of the note while the space at the bottom where these should appear is blank. This is a clerical error in the bank. Extremely rare. "1882-1908" on back. Abt. Ex. fine. ($45.00)

4408 **Boston, Mass. $5.00—1902-1908. The Boylston National Bank.** 3rd charter, Sigs. Lyons and Roberts, Error: Blue seal missing, Caused by sheet being out of position when charter and seals were printed as one charter No. and regional letter appear at lower center of obv. Rare issue and most unusual error. "1902-1908" on back, Choice and rare. Slightly repaired, Ex. fine. ($25.00)

4409 **Baltimore, Ohio. $5.00—1902-1908. The Farmers and Merchants National Bank.** 3rd charter, Blue seal, Sigs. Lyons and Roberts. Another rare error: Another instance where only one-half of the seal and one charter No. shows on the obverse. The upper right corner of the note (which was the top of the sheet of a panel of eight notes) was folded forward and the rest of the seal, the regional letter, and the first two figures in the charter No. show on the reverse. The balance of the charter No. was printed on the platen. "1902-1908" on back. Fine. ($25.00)

4410 **New York, N. Y. $5.00—1902-1908. The Bronx National Bank.** 3rd charter, Blue seal. Sigs. Vernon and Treat. Most unusual freak: In severing the notes from the sheet this one was not cut straight. The lower edge was cut into the note and swoops up until about half of the serial number was cut off. The top of the note includes the lower edge of the E note (this one being the F or second note). The general contour of the note is similar although more of the left end is missing. "1902-1908" on back. Abt. fine. ($17.00)

4411 **Omaha, Nebr. $10.00—1902-1908. The First National Bank.** 3rd charter. Sigs. Lyons and Roberts. Error: the right corner was folded forward when the seal and charter were printed resulting in no trace of the seal on obverse or the charter and regional letter on right. However, half of the seal shows on the back. The charter No. 209 and regional letter W are in their proper positions at left obv. This rare freak is also autographed by John Burke, one of the U. S. Treasurers. His name is written at lower right obv.. Extremely rare. "1902-1908" on back, Str. fine. ($40.00)

4412 **Bay Shore, N. Y. $10.00—1902-1908. The First National Bank.** 3rd charter. Blue seal. Sigs. Vernon and McClung. Another unique error: This note bears two different charter numbers. The one at the right side of the note (the proper one) is 10029 while the one at the left is 10026 with regional letter E. As far as can be ascertained this is the only error of its kind ever discovered, consequently it is extremely rare and worth any figure it will bring. In this choice state of preservation it is excessively rare. "1902-1908" on back. Pract. Unc. ($125.00)

## A UNIQUE ERROR AND A GREAT RARITY

4413 **Oxnard, Calif. $20.00—1902-1908. The First National Bank.** 3rd charter. Blue seal. Regional letter P. One of the most outstanding errors ever made on a piece of United States paper currency. It is easily the rarest specimen of all the errors known to exist. In this instance the engraver cut the name of Chas. H. Treat, Treasurer of the United States in the proper place at right and **again** at the left where the Register's name should appear. Thus the name of Mr. Treat appears in two places and the name of Mr. Vernon, the Register, is missing entirely. (In all probability it should have had Vernon's name because the note was dated during his term). This is the only note which does not bear the names of the two proper officials known to exist. This is purely an error in the engraving plate and is a human and not a mechanical mistake. A priceless rarity which should provide an unusual thrill for its potential owner. The note is well preserved and should bring a good price. Abt. Ex. fine. ($225.00)

4414 **Kansas City, Mo. $5.00—1902. The First National Bank.** 3rd charter. Blue seal. Sigs. Lyons and Treat, Attractive charter 3456. Error: Both signatures of the bank officials are printed upside down at the top of the note while the spaces below where these should appear are blank. This is a western note which is very scarce but with the addition of the error it is extremely rare. Lower margin cut close. Choice. Very fine. ($30.00)

4415 **Shreveport, La. $5.00—1902. The Commercial National Bank.** 3rd charter. Blue seal. Sigs. Vernon and Treat. Error: This note was printed with the reverse inverted. Few of these passed final inspection. Good charter No. 3600. Rare southern note which makes it more desirable. Fine. ($20.00)

4416 **Lewisburg, Pa. $10.00—1902. The Union National Bank.** 3rd charter. Blue seal. Sigs. Lyons and Roberts. Pen signed. Freak: This note evidently had the serial No., charter No. and seal (all in blue) put on at the same time for they are all out of position, in fact, they are so far off register that the serial number is missing at bottom and the one at top is not in the panel but on the ornamental design in top center. The blue seal is far out of position covering the central lettering at right. The entire note appears unfinished because of so much blank background. Very rare and desirable. V. Fine. ($35.00)

4417 **Fort Worth, Texas. $10.00—1902. The Fort Worth National Bank.** 3rd charter. Blue seal. Sigs. Lyons and Roberts. Charter 3131. Another error on the part of the bank. Two sets of signatures of the bank officers, one set stamped over the signatures of the treasury officials. These are not the signatures intended for the note immediately above as a very small part shows on this note. Extremely rare. Fine. ($35.00)

4418 **Petersburg, Va. $10.00—1902. The Virginia National Bank.** 3rd charter. Blue seal. Sigs. Lyons and Roberts. Error: On this note the signatures of the bank officials are printed slightly above the middle just about a half inch below the treasury signatures while the proper spaces at the bottom are blank. Most unusual. Very rare southern item. Fine. ($30.00)

## EXCESSIVELY RARE "TWO DENOMINATION" NOTES

These are of the utmost rarity as few pass final inspection at the Bureau of Printing. The very limited number of these notes which have passed detection are eagerly sought by collectors. Seldom seen or offered, these choice items should create spirited bidding and no doubt each will bring well into the three figure mark.

4419 **Atlanta, Ga. $20.00 obverse and $10.00 reverse. 1882. The Lowry National Bank.** 2nd charter. Blue seal. Sigs. Lyons and Roberts. Signed by Robert J. Lowry, Pres. The rare issue with the "Ten Dollars" spelled out on reverse. A rare southern note with reverse inverted. A great rarity of which very few exist. A slight blemish or rubbed spot near right top, otherwise Unc. ($300.00)

4420 **Paris, Texas. $10.00 obverse and $20.00 reverse. 1902-1908. The American National Bank.** 3rd charter. Blue seal. Sigs. Vernon and Treat. Regional letter S. Also another note from the same sheet with $20.00 obverse and $10.00 reverse. Emergency issue with "1902-1908" on back. Reverses of both notes are inverted. An extremely rare pair of two denomination notes. Few known to exist. Slight tear on edge of each note which have been mended, otherwise Unc. ($550.00)

## FEDERAL RESERVE NOTES (RED SEALS)

A collection of Federal Reserve Notes of the series of 1914, issued under the Federal Reserve Act of December 23, 1913.

All of the notes in this section have the RED SCALLOPED SEAL and were signed by W. G. McADOO, as Secretary of the Treasury and JOHN BURKE, Treasurer of the United States.

This collection is complete in all of the regular detail and consists of at least one of each denomination issued on each bank.

This series was particularly difficult to get together (if you have endeavored to secure any of the notes you can appreciate the verity of this statement) which accounts for the fact that some of the notes are not uncirculated. However, the majority of the notes are in extra fine to uncirculated condition. Those that are not in this condition are scarcer. Much effort was spent to secure notes in the best condition and each note represents the best that was available.

The system of numbering Federal Reserve Notes is to have a prefix and suffix letter before and after each number. The only exception to this is the star note which has only the prefix letter which is the bank regional letter. The suffix letters start with the alphabet. All of the notes in this group have the suffix letter "A" in the number.

The $5.00 notes bear the bust of Abraham Lincoln, $10.00 Andrew Jackson, $20.00 Grover Cleveland, $50.00 Ulysses S. Grant, and $100.00 the bust of Benjamin Franklin.

## FEDERAL RESERVE NOTES (BLUE SEALS)

A collection of Federal Reserve notes of the series of 1914 with blue seals. This series was issued in five denominations, $5.00 to $100.00 and signed by four different secretaries of the Treasury with John Burke, Treasurer of the U. S. It was authorized by the same act as the red seal notes.

This group is unique on account of its condition. Fully 95% of the specimens are extra fine to uncirculated and the rest, with one exception, are very fine. Many of these notes are extremely scarce in any condition. To find them so nice is very unusual and you should take full advantage of the opportunity which may never be yours again.

All of the banks issued notes in the $500.00, $1,000.00, $5,000.00 and $10,000.00 denominations with blue seals. There were 46 of these all told. They were known as the Series of 1918 and were mostly signed by Glass & Burke. There were, however, two notes signed by Houston & Burke, one on New York ($1,000.00) and one on San Francisco ($500.00). These were authorized by the Federal Reserve Act of December 23, 1913, as amended by Act of September 26, 1918. There is one specimen of this series in this group—a $500.00 note on the bank of Kansas City.

4486 **$5.00, Boston, Mass.** Sigs. McAdoo and Burke, Crisp, Unc. ($15.00)

## FEDERAL RESERVE BANK NOTES

A collection of the Series of 1915 and 1918 blue seal Federal Reserve Bank Notes. These notes were National Currency, the same as our National Bank Notes and were issued on all of the twelve Federal Reserve Banks and were payable by them on demand.

They were authorized by Acts of Congress of Dec. 23, 1913 and April 23, 1918. These series are very interesting and are coming into favor very fast. There is only about one-quarter of one percent of the original issue outstanding.

The prime characteristic of this group is its condition, over seventy-five percent being uncirculated. The notes that are in the lower grades are particularly rare and almost unobtainable.

This is a rare group and took many years to assemble. Many of the notes are just as they were when they came from the press. In addition, you will find very low and attractive numbers (some of them matched in two and three denominations), fine margins, low plate numbers, and serial numbers in attractive sequence or arrangement.

This is without question the largest and finest collection of this kind ever assembled. This collection is complete and contains at least one specimen of practically every note known to have been issued. There are some notes that have never appeared in any catalogue or list. This is a superb collection and will bring joy to the hearts of many collectors. This is a nationally known collection and, as such, has prestige that is valuable. New price records will be set in this sale.

You will notice that each of the Federal Reserve Banks has a No. commencing with #1. Each bank also has a letter, commencing with "A". The numbers represent the Federal Reserve Districts, for example, New York is in the second and San Francisco is in the twelfth Federal Reserve District. These are not the same as the regions assigned by the Treasury Dept. for the National Banks. The notes are listed in the order of the banks and each bank is listed as closely as possible in the order that the notes were issued.

Mr. Grinnell wishes to express his great pleasure in being able to offer this fine opportunity to you and he trusts that the new owners of these rare and choice notes will derive much enjoyment and pride in their acquisition.

## BOSTON, MASSACHUSETTS

## UNUSUAL COLLECTION OF FREAK OR ERROR FEDERAL RESERVE AND FEDERAL RESERVE BANK NOTES

One of the intriguing phases of the hobby of collecting paper currency is that of the freaks. Every collector that

owns any of these freaks takes great pride in their possession. They are very interesting and extremely rare. Many more of them are discovered before they leave the Treasury Department than reach the public.

For your convenience this group is divided into three sections, the inverted back, the two denomination, and the balance into the curious and hard to understand errors.

## INVERTED BACKS

4826 **$5.00—1914. New York, N. Y.** Federal Reserve Note. Blue seal. Sigs. McAdoo and Burke. Inverted back. Rare and beautiful note. Crisp, Unc. ($20.00)

4827 **$20.00—1914. Chicago, Ill.** Federal Reserve Note, Blue seal, Sigs. McAdoo and Burke, Inverted back, Slight pin hole at left, Ex. fine. ($45.00)

4828 **$1.00—1918. St. Louis, Mo.** Federal Reserve Bank Notes. Sigs. Teehee and Burke, Attebery and Wells, **CUT SHEET OF FOUR NOTES** with inverted backs. Low numbers 53 to 56 Inclusive. Printed from 2nd plate, This is the only cut sheet on the St. Louis Bank that is being offered. Inverted back notes in cut sheets are seldom heard of. This is the only one known of this series. A great rarity. Beautiful, Crisp, Unc. ($150.00)

4829 **$10.00—1914. Dallas, Texas.** Federal Reserve Note. Blue seal. Sigs. McAdoo and Burke. Rare and beautiful inverted back. Many explanations are given for inverted back notes, but the one that seems most logical is that after the sheet has been printed on one side, it gets turned around in some way or another. This is a very rare note. Unc. Crisp. ($30.00)

## EXCEEDINGLY RARE TWO DENOMINATION NOTES

The following six lots are all specimens of the great rarity known as two denomination notes. They are seldom offered for sale and are extremely hard to find. They consist of notes with one denomination on one side and a different denomination on the other side.

4830 **$2.00 Obverse and $1.00 reverse, 1918. Boston, Mass.** Federal Reserve Bank Note. Sigs. Teehee and Burke, Bullen and Morss, Obv. plate 8. This note shows evidence of having been carried in a wallet for some time. Very rare and desirable. Very good. ($185.00)

4831 **$20.00 Obverse and $10.00 reverse. 1914 Blue seal. CUT SHEET OF FOUR NOTES. Boston, Mass.** Federal Reserve Notes. Sigs. McAdoo and Burke. Printed from plate 7. In Mr. Grinnell's entire collection this was one of the prize items. As far as is known, this is the only sheet on this bank that exists. In single notes these items are very seldom offered but to get them in cut sheets is almost unheard of. Of the greatest rarity. Superb. Crisp. Unc. ($4000.00)

4832 **$2.00 Obverse and $1.00 reverse. 1918. New York, N. Y.** Federal Reserve Bank Note. Sigs. Teehee and Burke, Hendricks and Strong. Extremely rare. Abt. fine. A Silver Certificate Two Denomination note in Part II, lot 1012, sold for $305.00. ($250.00)

4833 **$2.00 Obverse and $1.00 reverse. 1918. Chicago, Ill.** Federal Reserve Bank Note. Sigs. Teehee and Burke, McCloud and McDougal. Obv. plate 8. This is the third and last of the 1918 Series with two denominations. The finest one we ever saw. These items are detected by accident more than any other way and probably have passed through many hands. Extremely rare. Very fine. ($275.00)

4834 **$5.00 Obverse and $10.00 reverse. 1914 Blue seal. Chicago, Ill.** Federal Reserve Note. Sigs. McAdoo and Burke. As far as we know this is the only $5.00 note that exists of this series. Of the greatest rarity. A beauty. Strictly very fine. ($325.00)

4835 **$20.00 Obverse and $10.00 reverse. 1914 Blue seal. CUT SHEET OF FOUR NOTES. Chicago, Ill.** Federal Reserve Notes. Sigs. McAdoo and Burke. There is just one other sheet of notes on this bank known to exist. A beautiful sheet and just as rare and desirable as the previous offering. One of the greatest show pieces. Extremely rare. Four magnificent notes. Crisp. Unc. ($4000.00)

## CURIOUS FREAKS

This last section of the error or freak notes consists of eleven notes with an assortment of peculiarities and mistakes. Two of the notes are of the 1918 series of Federal Reserve Bank Notes and the balance the 1914 series of Federal Reserve Notes.

This section contains some extremely rare and beautiful specimens.

4836 **$2.00—1918. Cleveland, Ohio.** Federal Reserve Bank Note. Sigs. Elliott and Burke, Davis and Fancher. Just a tip of the seal showing. Something must have been across the plate during the operation of putting on the numbers and seal. A rare and desirable note. Very fine. ($20.00)

4837 **$20.00—1914. Richmond, Va.** Federal Reserve Note. Blue seal. Sigs. Houston and Burke. Reverse way off center. A real museum piece. Ex. fine. ($40.00)

4838 **$20.00—1914. Atlanta, Ga.** Federal Reserve Note. Blue seal, Sigs. McAdoo and Burke. Fold on obverse at left when printed leaving a narrow white diagonal streak. A curious freak, Abt. Ex. fine. ($45.00)

4839 **$5.00—1914. Chicago, Ill.** Federal Reserve Note. Blue seal. Sigs. Houston and Burke. Only about half of blue seal showing. Exceedingly rare and choice. Ex. fine. ($25.00)

4840 **$5.00—1914. Chicago, Ill.** Federal Reserve Note. Blue seal, Sigs. Mellon and White. One of the most curious of freaks. An extra piece of paper evidently was cut and folded over when the note was printed, so that this corner on the note proper is unprinted. It almost looks as though the paper was split at this corner, but when the note is held to the light you can see that there are two thicknesses of paper. Very rare. Mr. Grinnell never saw another like it. A beautiful note. Crisp, Unc. ($30.00)

4841 **$5.00—1914. Chicago, Ill.** Federal Reserve Notes. Blue seal. Sigs. Mellon and White. Complete **CUT SHEET OF FOUR NOTES** with reverses off center. Very rare and beautiful. Really a museum piece. Crisp, Unc. ($90.00)

4842 **$10.00—1914. Chicago, Ill.** Federal Reserve Note. Blue seal. Sigs. Houston and Burke. In making the paper a large amount of silk fibre was bunched on the right side. A very peculiar occurrence and the only one we ever saw. Beautiful, Crisp, Unc. ($27.00)

4843 **$1.00—1918. San Francisco, Calif.** Federal Reserve Bank Note. Sigs. Teehee and Burke, Clerk and Lynch. A great error. During the numbering and sealing process the note was inverted so that the numbers and seal are upsidedown and on the direct opposite sides from which they were intended. Str. very good. ($20.00)

## FEDERAL RESERVE BANK NOTES

The two following lots of uncut sheets are of the highest rarity and are unique to the best of our knowledge.

Uncut sheets of this particular nature are next to impossible to secure. Usually these sheets were cut before they were sent to the bank. Aside from National Bank Notes these two sheets are the only ten and twenty dollar denominations that Mr. Grinnell ever saw and he sincerely believes that there are no others known to exist. Another opportunity to secure a similar sheet of same denomination may never again present itself.

Each sheet consists of four notes as originally issued and is inclosed in a special cellophane holder.

4844 **$10.00—1915. Chicago, Ill. Uncut Sheet of Federal Reserve Bank Notes.** Sigs. Teehee and Burke, McLallen and McDougal. Obv. plate 1, Rev. 5. Believe this is the only sheet of this denomination in existence. **UNIQUE.** Of the greatest rarity. Has been lightly folded between the notes, otherwise Unc. It is almost impossible to give an intelligent estimate on such a rarity, but in our opinion it should bring in the neighborhood of ($450.00)

4845 **$20.00—1915. Chicago, Ill. Uncut Sheet.** Same signatures as last. The sheet bears plate No. 1 both obv. and rev. A beautiful companion sheet to the former lot. **UNIQUE** as far as we know and of the greatest rarity. Unc. Shows slight crease between each note. Here again it is a problem to give and intelligent estimate as to its value, however, we believe it will bring ($600.00)

## UNIQUE FEDERAL RESERVE SAMPLES OR SPECIMEN NOTES

### Series of 1914-1918

### DENOMINATIONS: $5.00-$10.00-$20.00-$50.00 $100.00-$500.00-$1000 00-$5000.00-$10000.00

4871 This lot is the piece-de-resistance of Mr. Grinnell's entire collection.

It consists of a complete set of nine pieces of every denomination issued of the Federal Reserve notes (Five Dollar up to and including the Ten Thousand Dollar). These are engravers proofs or specimen notes as they were printed from the original plates. They were all printed from the first or the original plates and were authorized by the Treasury Department.

These plates as they were originally engraved covered the detail of the note as to type only and the balance of the printing as to bank, serial numbers, Treasury seal and the seal of the individual bank, was put on later.

On the proofs, or samples as they are called, which are being offered in this lot the Treasury seal, the serial numbers, and the individual seal of the Federal Reserve Bank of New York have been superimposed.

These proofs were printed on heavy white cardboards both obverse and reverse and have all of the characteristics of the regular notes. It is understood that these are proofs only and have no negotiable value. All of the notes are stamped "Sample."

These notes have been mounted on special cardboard frames, about 6½" x 9½", neatly and carefully bound on all four sides and perforated or punched on the upper edge for a ring binder. A special three ring binder has been made for these nine specimens. The binder itself and the binding on the individual cards all match and are made from a rich brown leather.

The $5.00 note, series 1914, has the red seal and No. B0000000A. This note has the photograph of Lincoln in the center of the obverse; and the Discovery of America and Landing of the Pilgrims on the reverse. The latter is the same as the cut used on the reverse of the $1.00 first charter period National Bank Note. Front and back plates No. 1.

The $10.00 note has red seal, series 1914, and has the same detail as the regular note. Serial No. B0000000A and printed from first plates, obverse and reverse.

The $20.00 note has red seal, series 1914, signed by McAdoo and Burke, as are all the former, and is printed from plates No. 1, front and back. Serial No. B0000000A, the same as the others. Photograph of Cleveland on the obverse and the usual cuts on the reverse.

The $50.00 note has a cut of Grant on the obverse and the same Serial No. B0000000A. There is a cut of Panama and two ships on the reverse. Printed from plates No. 1, obverse and reverse. Series 1914 with red seal.

The $100.00 note is of the same series 1914, with red seal, and has the same matched No. B0000000A. Printed from Plates No. 1, both front and back. Photograph of Franklin on the obverse and an allegorical group on the reverse. Up to and including this note the issue was authorized by the Federal Reserve Act of December 23, 1913.

The $500.00 note and all of the higher denominations were authorized by the Federal Reserve Act of December 23, 1913, as amended by Act of September 26, 1918. This note has a photograph of John Marshall on the obverse and has front plate No. 1. Signed by Carter Glass and John Burke, series of 1918, with blue scalloped seal, and has serial No. 0000000. The cut on the reverse is De Soto discovering the Mississippi, the same as is used on the $10.00 first charter period National Bank note.

The $1000.00 note has a cut of Alexander Hamilton on the obverse. Series 1918, serial No. 0000000, and printed from front plate No. 1. This engraving was marked 'A1' in both corners. Usually the plate number appears only in the lower right corner. The cut of the American Eagle on the reverse is very beautiful. The reverse of this note is of the open type.

The $5000.00 note has the cut of James Madison on the obverse. Series of 1918, with blue seal, and matched serial No. 0000000. Front plate No. 1. A beautiful piece of work and very desirable. The reverse of this note has a cut showing Washington resigning his Commission. This is the same cut as was used on the $1000.00 first charter period National Bank note.

The $10,000.00 note has a portrait of Salmon P. Chase on the obverse, the same as used on the $1.00 1862 Legal, commonly called the 'Chase note.' Printed from front plate No. 1, with matched serial No. 0000000, series of 1918 and blue scalloped seal. The reverse of the note has a cut showing the artist's conception of the Embarkation of the Pilgrims. This is the same picture that was used for the reverse of the $50.00 first charter period National Bank note.

You will get a great thrill in seeing these high denomination notes. They are the highest ever issued that were used for circulation purposes. With the exception of the Gold Certificates only one other issue of these high denominations was ever made. The 1878 series of Legal Tender notes had the $5000.00 and $10000.00 denominations, signed by Scofield and Gilfillan. These have been out of circulation for some time.

I believe that this is one of the most interesting and fascinating items I have ever seen or have had the privilege of selling. I do not believe that a similar item exists. The way these notes are mounted is, I believe, as fine as it could be. The album is sturdy and for display purposes this arrangement is convenient and practical.

These notes represent a total hypothetical value of $16,685.00 and from a collector's standpoint answer every purpose. All of the color and detail of each is the same as the circulated issue. They are beautiful beyond words to describe them and should be seen to be fully appreciated.

I can remember when Mr. Grinnell showed me his collection several years ago that he reserved this lot of specimens, or engraver's impressions, until the very end. He felt that it was the crowning masterpiece of his successful achievement as a collector, and a fitting climax to his extensive and magnificent collection. He was respectably and justly proud of this possession and valued it highly.

Without doubt this is a prize that will bring much joy to the heart of some collector. It is unique and, as stated previously, I do not believe its companion exists. Very strict censorship was exercised over such specimens and they were regarded as very choice.

While Mr. Grinnell parts with these cherished rarities with reluctance he realized that in so doing he is making it possible for some other collector to enjoy their ownership and he sincerely trusts that the new possessors will derive much keen enjoyment from the many items that have been disposed of. Superb gems. 9 Pieces.

I frankly admit that it is a most difficult problem to give an accurate estimate on a great rarity of this nature, however, in my opinion it should realize about ($5,000.00)

## EXCEEDINGLY RARE FRACTIONAL CURRENCY SHIELD

(AA) When I was in Mr. Grinnell's office I greatly admired a shield of fractional currency that hung there and which he told me he had purchased many years ago.

The shield was of the very rare type with the pink background. Ordinarily the shield proper was sort of a slate color but this was decidedly pink.

The shield had been reframed in a larger and much better frame than the original and around the shield between the inside of the frame and the shield was a white mat. The shield has the regulation number of 39 pieces of Fractional Currency, but in this assortment all the signed pieces have been signed by Colby. I have seen very few frames but what had at least one piece signed by Jeffries. This shield has two pieces of the 15c Grant and Sherman, both signed by Colby and Spinner, one with printed signatures and the other the very rare autographed signatures now listed at $75.00. This shield is in perfect condition.

Mr. Grinnell tells me that he is looking for new quarters for his office and probably will be moving within a very short time. He made up his mind rather suddenly to dispose of the shield so he would not have to move it and he has given me the privilege of disposing of it for him. This lot is by no means in conjunction with the famous note sale. Superb condition. Exceedingly rare. Few known of this type. ($300.00)
